Welcome to the world of creativity!

I'm **Hamze Alawneh** , a graphic designer from Jordan, passionate about transforming ideas into creative designs that enhance brand identity and social media presence. With experience working with over 20 clients, I specialize in developing strong visual identities and engaging content that helps businesses stand out.

For me, design is more than just colors and shapes—it's a powerful communication tool that tells a brand's story and leaves a lasting impression. I constantly strive to refine my skills and stay updated with the latest design trends to deliver innovative and modern solutions tailored to each client's needs.

مرحباً بك في عالم الإبداع !

أنا حمزة علاونة ، مصمم جرافيك من الأردن، أعمل على تحويل الأفكار إلى تصاميم إبداعية تخدم العلامات التجارية وتعزز حضورها البصري. لدي خبرة في تصميم الهوية البصرية وإدارة المحتوى البصري لمنصات التواصل الاجتماعي، حيث ساعدت أكثر من 20 عميلاً في بناء هوية قوية وملفتة لأعمالهم.

أؤمن بأن التصميم ليس مجرد أشكال وألوان، بل هو وسيلة تواصل تعكس جوهر العلامة التجارية وتترك انطباعاً يدوم. أسعى دائماً إلى تطوير مهاراتي ومواكبة أحدث الاتجاهات في التصميم لضمان تقديم أعمال مبتكرة وعصرية تلبي احتياجات العملاء، وتساعدهم على تحقيق أهدافهم.

My Virtual Works

Virtual businesses offer great flexibility, allowing individuals and companies to work from anywhere and at any time. They help reduce operational costs, such as rent and transportation, and increase productivity by focusing on performance rather than physical presence. Additionally, they provide access to talent from .around the world, fostering innovation and global collaboration

My Virtual Works

All the ads I designed for Matrix Soft Drinks were purely a personal experiment that I created on my own, without any official partnership or collaboration with the company. The goal was to test my skills in designing advertisements that reflect the brand's strength and present it in a realistic and unique way.

Through this experiment, I learned so much about understanding the audience, analyzing the market, and creating content that grabs attention and conveys the product's vision. It was a passion-filled step that allowed me to showcase my capabilities and motivated me to dive deeper into the field of .advertising design

My Virtual Works

All the designs I created for DH STUDIO were purely experimental, without any official partnership or collaboration. The goal was to test my ability to craft professional, eye-catching ads that reflect a brand's identity in a realistic and unique way.

As for choosing the color purple, it wasn't random! Purple represents creativity, luxury, and innovation, making it a perfect fit for brands aiming to stand out and leave a strong impression. It's a bold, attention-grabbing color that gives designs a modern and distinctive feel

This experience taught me a valuable lesson: opportunities don't wait—you create them! Start now, build your portfolio, and let your skills speak for themselves!"
